

## CONSTANT YIELD TAX RATES 2009

This is a summary of the constant yield tax rate certification (CYTR) sheets that were mailed to local governments on Friday, February 13, 2009. The constant yield tax rate is the tax rate that the jurisdiction would have to impose in order to obtain the same amount of property tax revenue in fiscal year 2010 as it received in fiscal year 2009. If a jurisdiction plans to set a tax rate higher than the constant yield rate, the jurisdiction must advertise the tax increase and hold a public hearing before setting the tax rate for fiscal 2010. Municipalities are exempt from these requirements if maintaining the same tax rate would raise less than \$25,000 more revenue in fiscal 2010 than in fiscal 2009.

In some parts of some counties there may be additional taxes levied for special purposes. These tax levies are not included in these tax rates.
